

DaVita Kidney Care Welcomes Dr. Jeff Giullian to Physician Leadership Team

Dr. Giullian will lead medical affairs for the Hospital Services Group

DENVER, Aug. 23, 2016 /PRNewswire/ -- [DaVita Kidney Care](#), a division of DaVita HealthCare Partners Inc. (NYSE: DVA), and a leading independent provider of integrated health and kidney care services in the United States, welcomes Jeffrey Allen Giullian, MD, MBA, as a vice president of medical affairs and member of the Office of the Chief Medical Officer, DaVita's physician leadership team. Dr. Giullian will hold the position of national group medical director and will also be the clinical leader for the Hospital Services Group.

"Jeff has been an integral and passionate leader in our educational program for chronic kidney disease patients," said Allen R. Nissenson, MD, FACP, chief medical officer for DaVita Kidney Care. "In addition, we expect his work with our hospital services group will identify ways we can better serve patients with acute kidney injury and help standardize practices in our hospital settings."

Dr. Giullian graduated from Vanderbilt University where he trained in both transplantation and nephrology. He is currently a member of the board of directors for the Renal Physician Association (RPA). He is vice chairman of the healthcare payment committee for RPA and advisor to the American Medical Association's relative value unit utilization committee. In the past, he was chairman of medicine at a community hospital in Denver. Dr. Giullian has been a group medical director at DaVita since 2014 and was a practicing nephrologist for eight years in Denver.

Dr. Giullian has stated "care delivery can be value-based and streamlined by focusing on operational efficiency and partnerships." His aim is to improve best practices and work with others in the healthcare community to provide value based healthcare for all patients. Dr. Giullian also has a passion for increasing patient education and public understanding of chronic kidney disease and has spoken over 250 times both in lectures and at national meetings.
