

13th Annual Tour DaVita Cycling Event Raises \$1.2M for Bridge of Life

Cyclists collectively rode more than 90,000 miles through Pennsylvania to raise awareness about kidney disease

DENVER, Oct. 10, 2019 /PRNewswire/ -- [DaVita Inc.](#) (NYSE: DVA) today announced Tour DaVita, an annual cycling event, raised \$1.2 million to benefit [Bridge of Life](#), a nonprofit founded by DaVita that supports medical missions in the U.S. and abroad. During Tour DaVita, many DaVita teammates, physicians, patients and loved ones ride to increase awareness of kidney disease and to encourage vital kidney health screenings.

"Tour DaVita is a special annual event where riders from all over the world come together to support bringing quality kidney health to those in need, while promoting a healthy lifestyle and having fun," said Dave Hoerman, chief wisdom officer for DaVita. "I'm incredibly proud of all of our riders this year, many of whom were riding to honor family members and friends."

Tour DaVita took place in Lebanon County, Pennsylvania over the course of three days, with 541 riders participating in the event, collectively riding a total of 90,350 miles. Tour DaVita hero and kidney transplant recipient, Ginger Melton, revved up the starting line asking cyclists to remember why they chose to ride. On the second day, nearly 200 riders took on the grueling 100-mile route known as the "century." On the third and final day, 90 Pennsylvania-based teammates flanked the finish line to bring everyone home.

To participate in the event, riders were required to meet a fundraising goal and pay their own travel expenses. Individual fundraising combined with donations from DaVita and other corporate sponsorships raised more than \$1.2 million for Bridge of Life. To date, Tour DaVita has helped raise more than \$12 million to raise awareness of kidney disease.

"Funds raised at Tour DaVita will be used to help establish sustainable health programs aimed at preventing and treating chronic diseases such as hypertension, diabetes and chronic kidney disease," said Greta Walker, senior director of donor relations and communications for Bridge of Life. "We can't wait to see how many more lives we can change as we strengthen health care systems to prevent and treat chronic diseases, thanks to the generosity of so many who contributed to Tour DaVita."

This year's Tour DaVita sponsors included: Amgen; ASD Healthcare; Meridian; Dell Technologies; Henry Schein, Inc.; Wells Fargo; Baxter; ADI Construction of Virginia LLC; NxStage Medical; MUFG; Tata Consultancy Services and WellDyneRx.
